

Coming May 2010 to Northern Arizona...Bearizona Wildlife Park!

Bearizona is a new attraction in the City of Williams, AZ that will allow visitors to drive into the forest and witness herd and pack life from the safety of their private vehicle or motor coach. Bearizona features North American mammals including black bear, wolves and bison to name just a few. This park showcases America's conservation success stories in their natural setting.

While enjoying a comfortable 2.5 mile drive through this beautiful 160 acre forest, families will find adventure around every corner. At the end of the driving tour visitors will be able to leave their vehicles and take a stroll through Bearizona's outdoor educational center to get a closer look at many smaller animals.

Bearizona's mission is to promote conservation and preservation through safe, affordable, memorable and educational encounters with North American wildlife in a natural environment. The park is another opportunity for Grand Canyon visitors to spend more quality time in scenic Northern Arizona.
